

Lisa Paolillo, New England Donor Services

New England Donor Services partnered with A.C.T. For Safety LLC to conduct a comprehensive review of our Emergency Management Plan, conduct a tabletop exercise and staff safety education, develop active shooter educational videos and implement the BeSafe Program. A.C.T. For Safety LLC effectively coordinated with local fire and law enforcement agencies to ensure New England Donor Services is optimizing workplace safety. A.C.T. For Safety's staff are client focused, with an impressive depth and breadth of knowledge of workplace safety and effective relationships with local fire and law enforcement personnel. Their comprehensive array of services and practical approach resulted in an improved and effective workplace safety program tailored to New England Donor Services' physical space and 24/7 operations. Leadership and staff appreciated A.C.T. For Safety's attention to specific details, e.g., points of entry/exits, their attention to our specific concerns and facilitation of training videos specific to our space. A.C.T. For Safety LLC principles and staff were flexible, responsive and easy to work with on all projects. New England Donor Services is grateful for A.C.T. For Safety's collaboration and their shared commitment to our staff's safety in the workplace. New England Donor Services looks forward to future collaboration with A.C.T. For Safety LLC.
